

Dr. Shrink⁺
INTERNATIONAL SHRINKWRAP SUPPLIER

18337

315 Washington St Manistee, MI 49660

DR. SHRINK GAINS GSA APPROVAL

Dr. Shrink, the world's largest shrinkwrap supplier, offers premium, versatile shrinkwrap to protect equipment of all sizes. This unique company was recently awarded a US General Service Administration (GSA) contract, number GS02F0024U. Dr. Shrink products are now available through the GSA Advantage website.

This contract enables local, state and federal governments to easily purchase Dr. Shrink products. The GSA, founded in 1949, serves as a centralized delivery system of services and products to the government. Currently, the GSA manages over 1/4th of the federal government's total procurement dollars and influences the management of \$500 billion in federal assets.

Dr. Shrink's shrinkwrap is fully waterproof and contains maximum UV inhibitors. Special materials such as flame retardant, corrosion inhibiting and mold killing shrinkwrap are also available. Dr. Shrink products are easily ventilated to eliminate moisture and mildew problems. These convenient covers can include zipper doors for easy access without the removal of the shrinkwrap.

Contact Dr. Shrink, 315 Washington St., Manistee, MI 49660. 800-968-5147; Fax: 231-723-9586. drshrink@dr-shrink.com;
